

SearchController.indexAction

```
graph LR; A[SearchController.indexAction] --> B[Galleria_Controller._getModel]; A --> C[Galleria_Controller.getView];
```

The diagram illustrates a sequence of method calls. A central box labeled 'SearchController.indexAction' has two outgoing arrows. The top arrow points to a box labeled 'Galleria\_Controller.\_getModel', and the bottom arrow points to a box labeled 'Galleria\_Controller.getView'.

Galleria\_Controller.\_getModel

Galleria\_Controller.getView
